

What ordinary soaps do to the skin

ORDINARY toilet soap makes your skin look white and clean to the naked eye—but look at it through a magnifying glass. You will find that the "free" alkali, which ordinary soap contains, has roughened, irritated and parched your skin; and this may in time cause blotches, pimples, blackheads and other skin troubles.

Resinol Soap
cleans, soothes and protects the skin

You need a soap which not only cleans your skin, but also soothes, heals and protects it—that is why you should get a cake of Resinol Soap from your druggist. This pure and delightful toilet soap contains the same medication as Resinol Ointment, the standard prescription for skin troubles. It therefore affords an antiseptic protection to the skin, which merely pure soap does not do. Resinol Soap keeps the skin in a clean, healthy condition and insures a clear, natural complexion.

Resinol Soap and Resinol Ointment are sold by all druggists. For trial size of each free, write to Dept. 10-2, Resinol, Baltimore, Md.

TWO MEN CAUGHT IN TAXICAB CHASE AFTER A HOLDUP

"Raid" on Restaurant Badly
Timed and Thieves Got
Only Fifty Cents.

Cops for help from a little restaurant at No. 118 Broadway were heard by Policemen McDonough and McGarron early to-day, and as they ran to the place they saw two men rush out and enter a taxicab, which went north.

Without waiting to see what had happened in the restaurant the policemen jumped into another taxicab, just coming out of the Sherman Square garage, next door, and sped in pursuit. At twenty-ninth street the first taxi stopped and two men got out and started to run. They halted, however, as the police pursuers drew revolvers. The men were taken back to the restaurant, where Herman, Weiss, the night manager, told his story:

"They came in here and ordered food."

As soon as I was alone, I went into the kitchen to prepare their orders and, as the men grabbed me and one pointed a revolver at me. I finally took all the money from the cash register and put it in my pocket about midnight. I guess they knew that, but I hadn't touched the register yet, so all they got was 50 cents. I set up a yell and they ran out."

Thehold Pucha, chauffeur of the taxicab in which the men fled, is employed at the Sherman Square Garage. He said:

"These men asked me to take them to Seventy-ninth street. I didn't hear any cries and didn't know anything was wrong, so I took them."

Seventy-ninth street is only three blocks and a half from the scene of the robbery.

Weiss identified both prisoners as the men who had held him up. One said he was John C. Warren, twenty-nine years old and a businessman, but refused to tell where he lived. The other said he was George Kenneth, a chauffeur, of No. 803 Amsterdam avenue. Weiss

pointed out Kenneth as the one who first seized him, but said he didn't know which of the two had pointed the revolver.

On the floor of Pucha's taxicab a loaded revolver was found by the policemen and taken with the prisoners to the West Sixty-eighth street station.
